(first verse)

Long ago in the ancient past
I remember a life when we first met
In a dark shadow realm under a big full moon
There and then I could tell
You try to break my will
But now watch as I rise to a whole new height
And my mad battle cry will be heard all night

(chorus)

You keep on playing
Those dark shadow games and
No I wont be beat again
You keep on playing
Those dark shadow games and
All this time Ive prayed my friend

(second verse)

So now you know after time has passed
You can never be sure you're always the best
Cause Im back from the shadows coming after you
On the brightest day
Of your darkest hour
So now watch as I rise to a whole new height
And my mad battle cry will be heard all night

(chorus)

You keep on playing
Those dark shadow games and
No I wont be beat again
You keep on playing (You keep on playing)
Those dark shadow games and
All this time Ive prayed my friend

(third verse)

(Oh, oh, oh, oh)
You destroyed the future with your past
Forgot the lesson of the test
You never understood the blessed
Too bad today will be your last
So now watch as I rise to a whole new height
And my mad battle cry will be heard all night

(chorus)

You keep on playing (You keep on playing)
Those dark shadow games and
No I wont be beat again

You keep on playing
Those dark shadow games and
All this time Ive prayed my friend
You keep on playing
Those dark shadow games and
No I wont be beat again
You keep on playing
Those dark shadow games and
All this time Ive prayed my friends
You keep on playing
Those dark shadow games and
No I wont be beat again
