(First verse)

Yeah, yeah

How'd it come to this

After all we've been through

Two of a pair, now on opposite sides

From the very start, with honor we dueled

We watched each other's back

And we battled with pride

We are closer than brothers

Now we're have to fight each other

And we trust our fate

To the heart of the cards

(Chorus)

No matter what, let the game begin

No matter what, may the best man win

No matter what, we're in this together

No matter what, we'll be friends forever

No matter what..

(Second verse)

Yeah, yeah

It's been you and me

Hangin' out playing games

Didn't ever think it would get this hard

Times running out

And so much at stake

Everything riding on the turn of a card

We'll show them what we're made of

As we fight for the ones we love

And we'll be friends to the very end

(Chorus)

No matter what, let the game begin

No matter what, may the best man win

No matter what, we're in this together

No matter what, we'll be friends forever

No matter what..

(Third verse)

Yeah

I don't wanna give up

But I will never give in

Don't wanna duel with my very best friend

We're an equal match

And we win every play

With so much at stake

I just can't walk away

Though I need a victory

You always meant the world to me

And that's one thing that will never change

(Chorus)

No matter what, let the game begin

No matter what, may the best man win

No matter what, we're in this together

No matter what, we'll be friends forever, yeah

No matter what..

No matter what, let the game begin

No matter what, may the best man win

No matter what, we're in this together

No matter what, we'll be friends forever, yeah

No matter what.
