# "Always On The Run"

Visit "[Always On The Run](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Not in time  
Never staying around  
If you stop me, then  
We'll be on our own  
We'll be on our own

This time try  
Try it hard to make it better  
If you stop me, then  
We'll be on our own  
We'll be on our own  
Always on the run  
Always on the run  
Always on the run  
Always on the run  
Always on the run

So many birds can't entertain us  
You may be f\*cked but you understand that so  
Get your gun down and then  
We'll be on our own  
We'll be on our own

This time try  
Try it hard to make it better  
If you stop me, then  
We'll be on our own  
We'll be on our own  
Always on the run  
Always on the run  
Always on the run

Always on the run  
Always on the run

You did right  
You gave out promises, promises  
(It's not itself the same,  
The things change,  
I'm never, never the same  
The things change)

We're lost in time  
I've never been in a crime  
If you stop me, then  
We'll be on our own  
We'll be on our own  
Always on the run  
Always on the run  
Always on the run  
Always on the run  
Always on the run

The things change  
The things change  
The things change  
It's not the same though  
The things change  
It's not the same though  
The things change  
It's not the same though  
The things change  
It's not the same though  
The things change
