Yea

Yung Jesus begin

Yea

I'm the literally yungest rapper alive

They love me like slime

I'm the gangster of the time

I'm like the dude dat run over all these cars

I bet you if own a monster truck the can get out my way
as far

A kid have to respect there elders

I'm alive forever

I put the word hip in 2 hop got hip hop

And I'll never stop

Rappin imm chill for a lil

Imma become the greatest Hardcore Underground
rapper so I'm still I'll

Every time I hear on of the wack raps I get sick

I'm so rick I built my home out of money

Hawks on my neck color of honey

(Gold) Even my money stacked dat it's like carryin brick
in in my pocket

Blast off from: 5, 4, 3, 2, 1 I'm off actually I own my
own rocket

I'm not near Lil' Wayne I don't need ya to pop lock and
drop it

I'm much more creative then other people

I got more mind then the evil

God got powers gave me sum powers

I don't wanna stop I wanna start to devower

[Verse 2]

I make cash money fast money slow money

More money I ant foney

If I'm a goon I goony my 100 dolar bills

To bad imma a goblin u a kill

To my rap style

People hate other don't

I don't care I'll fite other I wont

Put ur azz on blast n hold

Cuz I got ur girl on slanted position when we done we
go out

No doubt I'm the shit wit out a doubt
Aint my fault
I'm like lemon and lime
Other times I'm a yung version of mine
I take it serious (fine)
Lost my neighbor most famouse time 2 shine
Times for u a mouse
I'm out of my house
By 10:00 sharp (or a quater)
You get paid a quater
Me I get farther
Than ya so shut listen don't look at me
Now u see how I do by a quarter to 3
I make people put things for me for free
Yo it's I.K.P
Jesus aka Yung Jezzy or Yung Jesus
On the other side wit Yung Tayo

By the way it's me imma make a quick freestyle
