Watch me make a movie

Wanna see some actors
Take ya ass to the movies.
Watch me make a movie
Watch me make a movie
I'm off in the trap, with the trappers and the toolies.
Watch me make a movie
Watch me make a movie
A hundred goons with me and security cant move me.
Watch me make a movie

Ima do my own stunts when I make this movie.

I am not Will Smith but bitch I am legend.
I got a transporter bring the work from California.
The whip southside and yeah its a transformer.
I give ya bitch the cable guy like im Jim Carey, have her
Askin' questions like, why did I get married? Or did I do
That? like I'm Steve Urkel, ask me what I'm smokin'

That color purple. I monster ball when I'm off in Vegas..
Playin 21 and yeah I got them smokin' aces.

A nigga flexing we call him the lion king.
5 Carats on my pinky, lord of the rings.
The phantom of the opera cost me bout 300,
You push a look-a-like, a Chrysler 300.
So now I'm cool running, get tha playa hatas. I got
some
Boyz in the hood, make some great debators. New Joc
city, yeah
Its goin down, let me introduce you to the fam.
Come and meet the Browns.
The work goes around and come around like
boomerang
And we got the trap jumpin' call it money train.
The snitches talkin' to the robo cops I'm tellin' ya.
This the Robinson's neighborhood, coming to America.
