Aye, you know what? When I started recordin' this album

I said I won't gonna do a, you know dear  
momma type of record

But I felt the need to 'cause I wanna express  
How I feel about my momma

But at the same time I want y'all to know that  
If I ever found a woman out there that  
Was anythin' like my momma, shit, I gotta have  
her

Ain't another girl on this earth like my momma  
But if I find that girl I'ma make her my woman  
If I find another girl like my momma  
I'll give her unconditional love 'til they  
take me under

Yeah, first things first, where do I start?  
This feelin' that I'm feelin' is real, it's not a  
facade  
The angel that I call momma was sent by God  
Been through thick and thin, better times, even hard

Raisin' two boys in the ghetto wasn't easy  
Shit was goin' wrong but she made it seem  
peachy  
Yeah, she worked long hours whether rain and the  
freezin'  
Pulled out the Vicks VapoRub when I was  
sneezin'

When the kid laid her off and the rent was past due  
Mom was a O.G., did what she had to  
I got kicked out of school, she had to talk to my  
principal  
Yeah, she kicked my ass but her love is unconditional  
I love my momma

Ain't another girl on this earth like my momma  
But if I find that girl I'ma make her my woman  
If I find another girl like my momma

I'll give her unconditional love 'til they  
take me under

I remember my first BMX, she showed me how to ride  
She used to lick her thumb to wipe the cold out my eyes  
Oh yeah, I can't forget her cookin', how it stick  
to my ribs  
She could take Spam and make a first class meal

When my nigga Steve died me and her both cried  
And when I got locked up she bailed me out every time  
Guess I'll never know how she remained so strong  
Received Medicaid and food stamps for so long

We were in Section 8 all the way 'til I was grown  
She played both roles, king and queen of the throne  
I'm not exaggeratin', not even to the slightest  
This came from the heart so I ain't even have to write it  
I love my momma

Ain't another girl on this earth like my momma  
But if I find that girl I'ma make her my woman  
If I find another girl like my momma  
I'll give her unconditional love 'til they  
take me under

I'ma try to stop the music one time  
Want y'all to clap with me, come on  
Now if you love your momma clap your hands  
If you love your momma clap your hands  
If you love your momma clap your hands  
If you love your momma clap your hands

Shorty, I brought you in this world, I'll take you  
out  
You said it when you caught me skippin'  
school, makin' out  
Momma you stayed down, you never faked it  
Stayed by my side when they thought I wouldn't make it

And when I had a son, they said I need a job  
That's when you told me, Son, just follow your  
heart  
And so I did that, I went through all the drama  
So I just wanna take this time to say I love you momma

Ain't another girl on this earth like my momma  
But if I find that girl I'ma make her my woman  
If I find another girl like my momma  
I'll give her unconditional love 'til they  
take me under
