Sittin' in the car and I'm stuck in traffic  
Radio is nothing but static  
And I'm just in a daze  
Thinkin' in a maze of how good I used to have it  
How good you were to me  
How close we used to be  
And now I'm realizin'  
On this day why I been  
Feelin' lies

Lately my nights haven't been quite the same  
Since the day that you left me, everything has changed  
If the sun left your eye, I just can't get it right  
Don't know where I'm going cause I, I'm lost without  
your love

I can't breathe girl, why'd you leave  
You know you supposed to be with me  
I can't live life comfortably  
Can't sleep and I barely eat  
You and I was the best thing poppin' off  
Baby girl, can't believe you're gone  
Damn girl, I did you wrong  
Listen to the words of this song, listen to me

It thunders then soon, it's rainin'  
Soundin' like the pain that I'm in  
It's almost like the sky  
Wanted just to cry just for me  
Cause it knows I'm hurtin'  
No one's in the passenger side  
This lonely ride cause you disappeared  
And I can see things clear without you here

Lately my nights haven't been quite the same  
Since the day that you left me, everything has changed  
If the sun left your eye, I just can't get it right  
Don't know where I'm going cause I, I'm lost without  
your love

I can't breathe girl, why'd you leave  
You know you supposed to be with me

I can't live life comfortably  
Can't sleep and I barely eat  
You and I was the best thing poppin' off  
Baby girl, can't believe you're gone  
Damn girl, I did you wrong  
Listen to the words of this song, listen to me

Lookin' out the rearview  
Wonderin' how to get back to you  
Wish I could just reverse the time  
Cause I'm, I'm lost without your love

I never realized what was goin' on  
Till I opened up my eyes  
And, surprise, you were gone  
Although I did you wrong  
But we weathered through the storm  
But I guess that I was wrong  
Cause you tryin' to move on  
All of my games, being my greens, causin' you pain  
I ain't in the same mind frame  
I promise to change  
Can't eat, can't sleep, can't breathe without you  
I'd rather die before I be without you

I can't breathe girl, why'd you leave  
You know you supposed to be with me  
I can't live life comfortably  
Can't sleep and I barely eat  
You and I was the best thing poppin' off  
Baby girl, can't believe you're gone  
Damn girl, I did you wrong  
Listen to the words of this song, listen to me
