Pictures fade and escalades, you drive away  
And I'm fallin' down into the pavement  
From those accusations that your makin' so  
aggravating  
But your mistaken down, down, down

Rockin', I will be rockin' with myself  
Rockin', I will be rockin' with myself, yeah

You are the light, you are the light, baby  
You are the reason I'm going crazy  
I think I know just why you're from above  
Come back, my love

You are the feeling good when I wake up  
You are the one that brought the bad break up  
I was the one who had to be so tough  
Come back, my love

No one by my side no Bonnie I'm just Clyde  
Cruzin' in my empty ride bumpin' music while I drive  
But, but, but, baby, I wasn't acting shady  
I need you here to save me, come back and be my lady

Rockin', I will be rockin' with myself  
Rockin', I will be rockin' with myself

You are the light, you are the light, baby  
You are the reason I'm going crazy  
I think I know just why you're from above  
Come back, my love

You are the feeling good when I wake up  
You are the one that brought the bad break up  
I was the one who had to be so tough  
Come back, my love

Why did you have to go so far?  
Why did you leave me in the dark?  
I thought this was supposed to last  
Let's rewind and roll it back

Why did you have to go so far?  
Why did you leave me in the dark?  
I thought this was supposed to last  
Let's rewind and roll it back

You are the light, you are the light, baby  
You are the reason I'm going crazy  
I think I know just why you're from above  
Come back, my love

You are the feeling good when I wake up  
You are the one that brought the bad break up  
I was the one who had to be so tough  
Come back, my love, come back, my love  
Come back, my love, come back, my love
