You seem like there's something on your mind
But you won't say what's up with you today
And there it goes every time that stupid little chime
On your stupid little phone, it's like I never get you
alone

So go, you're making me feel
You wanna be there and I kinda don't care
Go, so long, get gone
I know you won't be gone long

Go, if you wanna stay
And make up, make out
I'm gonna play but if you don't
Baby, just go, whoa, whoa, baby, just go, whoa, whoa

You seem like you don't know what I'm talkin' bout
But you, you do what you want to
If you're gonna stay the same
And nothings ever gonna change

Then go, you're making me feel
You wanna be there and I kinda don't care
Go, so long, get gone
I know you won't be gone long

Go and if you wanna stay
And make up, make out
I'm gonna play but if you don't
Baby, just go, whoa, whoa, baby, just go, whoa, whoa

Go, go on and do what you wanna do
'Cause you're gonna do it anyways
Go, on and do what you gotta do
Don't come back to me, girl

Go, you're making me feel
You wanna be there and I kinda don't care
Go, so long, get gone
I know you won't be gone long

Go and if you wanna stay

And make up, make out
I'm gonna play but if you don't
Baby, just go, whoa, whoa, baby, just go, whoa, whoa

Go and if you wanna stay
And make up, make out
I'm gonna play but if you don't
Baby, just go
