I remember you giving me your number when I met you
I remember you asking me if I could walk you home
I remember you said to me you wanted to be my
girlfriend

It's funny how these things don't last for long
Not funny how I don't know the way to carry on

Tell me how am I supposed to get you off my mind?
When you know I really couldn't even if I tried
But I guess in the meanwhile, I'm taking you off the
speed dial
Tell me how am I supposed to get you off my mind?

And every time I hear the song, it used to play when
you called
I used to want to sing along but now I wanna die
I don't listen to the radio, I'm trying to forget you

It doesn't help because I see you all the time
Your new boyfriend used to be the closest friend of
mine

Tell me how am I supposed to get you off my mind?

When you know I really couldn't even if I tried
But I guess in the meanwhile, I'm taking you off the
speed dial
Tell me how am I supposed to get you off my mind?

I'm deleting all the memories 'cause
The pictures speak of tragedies
I don't wanna go on living in denial

I'm taking you off the speed dial
I'm taking you off the speed dial

Tell me how am I supposed to get you off my mind?
When you know I really couldn't even if I tried
But I guess in the meanwhile I'm taking you off the
speed dial
Tell me how am I supposed to get you off my mind?

When you know I really couldn't even if I tried

But I guess in the meanwhile, I'm taking you off the
speed dial

Tell me how am I supposed to get you off my mind?
I'm taking you off the speed dial at least for a while
