I'm not sure what this is between us,  
No matter what they say we've outgrown this place,  
And we got to get away!  
Cause I am know, that thats crazy,  
And maybe we can leave it all the behind,  
Just say it!  
Cause you know what's on your mind!

[Chorus:]  
Maybe we should get away,  
Baby, we can leave this town together,  
Maybe we can find our place,  
We can make it!  
Maybe we can get away,  
And we don't have to wait to start forever,  
This could be our only chance,  
We should take it!  
Maybe we should get away!

No one said this gonna be easy,  
And believe me, I know what I want!  
Just take my hand!  
Don't look back, you never have to  
Driving fast that they can't stop you,  
I know you're scared,  
It's nothing to fear.

[Chorus:]  
Maybe we should get away,  
Baby, we can leave this town together,  
Maybe we can find our place,  
We can make it!  
Maybe we can get away,  
And we don't have to wait to start forever,  
This could be our only chance,  
We should take it!  
Maybe we should get away!

Don't stop!  
Let the music move you!  
Don't stop!  
Let the rhythm run through you!

Don't stop!  
Let the music move you!  
Don't stop!  
Let the rhythm take you!

I know that she's coming,  
And we're going tonight,  
Then we're gunna leave you know, you know im right  
I know that we're going and she's got to yell,  
Come on, pretty baby let's get up all night, here!

[Chorus:]  
Maybe we should get away,  
Baby, we can leave this town together,  
Maybe we can find our place,  
We can make it!  
Maybe we can get away,  
And we don't have to wait to start forever,  
This could be our only chance,  
We should take it!  
Maybe we should get away!

Maybe we should get away,  
Baby, we can leave this town together,  
Maybe we can find our place,  
We can make it!  
Maybe we can get away,  
And we don't have to wait to start forever,  
This could be our only chance,  
We should take it!  
Maybe we should get away!
