Every night I find it so hard to sleep  
Cause I keep thinking of you  
And these feelings from deep  
Oh baby I try to hide all these feelings for you  
I keep them all out of sight  
I don't know what else to do

So I cry  
But nobody hears me I cry  
It's my only solution I cry  
To all this confusion I cry  
With all of my heart I cry

Sometimes I wonder in the blink of a night  
Would you be waiting to love me  
Would you give it a try  
I don't know how it's to show you  
That I'm not good be real  
I'll be eternally faithful  
Forever I feel

So I cry  
But nobody hears me I cry  
It's my only solution I cry  
To all this confusion I cry  
With all of my heart I cry

No one can tell me that I may be wrong  
Cause I know in my heart  
This feeling still running strong

Can't get you out of my head  
Can't get you out of my heart  
Can't get you out of my life  
No matter it fell apart

So I cry  
But nobody hears me I cry  
It's my only solution I cry  
To all this confusion I cry  
With all of my heart I cry

But nobody hears me I cry  
It's my only solution I cry  
To all this confusion I cry  
With all of my heart I cry
