My People
When you gonna leave
My People
Give them room to breathe
My People
Stop oppressing
My People
All they want is bread and clothes
Space to rest - and left alone

My People
When you gonna free
My People
Let them live in peace
My People
Stop killing
My People
All they need is dignity
A chance to be free

My People
Stop making scared
My People
Let them out of jail
My People
Stop building walls around
My People
When you going to show you care
Join people in the square
My People, My People
My People, My People

My People:
See them coming now
My People

Can't you hear them shout?

My People

Everyday, everywhere

My People

Stop running from

My People

Stop stealing from

My People

Stop pointing guns at

My People

Oh, Come on

My People

Come on, come on

My People

Come on, come on

My People

God show them the way

My People

God show them the way

My People

See them pray

My People,

My People

Come on, come on

My People

Oh, (come on)

My People

Come on

Keep on keeping on
