

## Yusuf Islam

### "World O' Darkness"

In this world o' darkness,

Evil rules by night,

But somewhere in the shaaadows, someone seeking  
light

No one knows his neighbor here,

No one has the time,

No one cares for anyone else,

In a world where the sun don't shine

(Shamsia) (x2)

Some sons dream of leaving,

While they're young at heart,

But few choose the path towards the land beyond the  
dark,

Who choose the path towards the land beyond the  
daaark
