Are you happy?
Are you?
Tell me now
Are you happy?

Do you think I am?
Tell me
Are you satisfied?
Are you happy now?

Just dissolve
I'm dissolving
Are you happy?

I won't be any survival kit
I wouldn't do it if you hit me in the face with it
I won't be the one showing my scars
I won't do it for the love of God

I won't be any survival kit
I wouldn't do it if you hit me in the face with it
I won't be the one showing my scars
I won't do it for the love of God

Tell me now
are you happy now?
Tell me now
are you happy now?

Am I giving you space
am I doing you wrong
are you happy now?

Tell me now
are you satisfied?
Tell me now
are you happy now?
Are you feeling the sense?
are you happy now?

are you happy now?

I won't be any survival kit
I wouldn't do it if you hit me in the face with it
I won't be the one showing my scars
I won't do it for the love of God

I won't be any survival kit
I wouldn't do it if you hit me in the face with it
I won't be the one showing my scars
I won't do it for the love of

God
for the love of God

of God

Tell me now
are you happy now?
Tell me now
Do you give up?

Tell me now
are you satisfied?
Tell me now
are you happy now?

Just dissolve
dissolve
are you happy now?
