Stoned on my spit  
Not ready to stop  
Not ready to stop love

Running like mad  
Not ready to crack  
Not ready to crack love

(I don't want to but I need to deal with the past  
Please get me out of this gash)

Sucking on plastic  
Breathing the mist  
Feeling ignored  
Making a fist  
Thoughts in a loop  
Will never stop  
I'm depending on them  
Wether I like it or not

I have to deal with the past  
Please get me out of this gash

Stoned on my spit  
(Here I am)  
Stoned on my spit  
(Here I am)  
Depending on it, wether I like it or not  
Gave into faith  
Depending on it wether I like it or not

I have to deal with the past  
Please get me out of this gash
