You don't have to be a stranger  
distant minds don't travel far together  
and I know your not a loner  
so walk to the window watch the view won't you

you don't have to dominate the groove no  
you could just flow with me like i flow with you  
and I know that you want it to  
so walk to the window watch the view won't you

two times to tell me how you feel  
one time to know that its for real  
three knocks upon my door  
for sure for sure for sure

you don't have to be the lover  
cause what you give i'm giving to you deeper  
can't you hear me calling for you  
so walk to the window watch the view won't you

two times to tell me how you feel  
one time to know that its for real  
three knocks upon my door  
for sure for sure for sure

you know I love you

two times to tell me how you feel  
one time to know that its for real  
three knocks upon my door  
for sure for sure for sure

now that you know  
you know that I love  
know that I love you
