The sun smiles and dips behind mountain trees
A holy light fills the sky
Though it rains all around me
And a rainbow
Gives the glow
To remind me of home
And my heart starts pounding so loudly

Walking on air
Even the angels stop
And they stare at me
I'm on top of the hemisphere
And I can see clear
It took forever
Walking on air

The rising haze all ablaze
Like a branding iron
The energy flows out to me
Fueling me soul
When the warm sands of circumstance
Are not blasting
Your love has wakened
And keeps on crashing

I'm walking on air
Even the angels stop
And they stare at me
I'm on top of the hemisphere
And I can see clear
It took forever
I'm walking on air

'Til today I thought I'm right
I'm on top I'm just fine
The angels stop and stare at me
With the weather outside
It's enough I'm alive
I'm looking up
As You carry me
I'm walking on air
Said I'm walking on air

Even the angels
They take a picture of me

I'm walking on air
Even the angels stop
And they stare at me
I'm on top of the hemisphere
And I can see clear
It took forever
I'm walking on
oh, I'm walking on yeah
You lift me up
I'm walking on
I'm walking on
And I can't stop now
I'm walking on
I'm walking on air
