She got eyes that cut you like a knife
and lips that taste like sweet red wine
And pretty legs go to heaven every time
She got a gentle way that puts me at ease
When she walks in the room I can hardly breathe
Got a devastating smile knock a grown man to his
knees

She got whatever it is
It blows me away
She's everything I want to say to a woman
but couldn't find the words to say
She got whatever it is
I don't know what to do
Cause every time I try and tell her how I feel
it comes out "I love you"
You got whatever it is

You know I've never been the type that would ever want
to
stay
Bring 'em home at night and they're gone the next day
But that all changed when she walked into my life
And people askin why it is
Tell them I don't know
Just something about the woman makes my heart go
haywire

And she's gonna be my wife

She got whatever it is
It blows me away
She's everything I want to say to a woman
but couldn't find the words to say
She got whatever it is
I don't know what to do
Cause every time I try and tell her how I feel
it comes out "I love you"
You got whatever it is

Cause when she loves me
Girl that's how I feel

Cause when she loves me I'm on top of the world
Cause when she loves me I can live forever
And she loves me I am untouchable

She got whatever it is
It blows me away
She everything I wanted to say to a woman
but couldn't find the words to say
She got whatever it is
I don't know what to do
Cause every time I try and tell her how I feel
it comes out "I love you"
"i do"
You got whatever it is
Oh you got whatever it is
