Mmm, mmm, yeah

I got a lot of things I have to do
All these distractions, our future's coming soon
We're being pulled in a hundred different directions
But whatever happens I know I've got you

You're on my mind, you're in my heart
It doesn't matter where we are
We'll be alright, even if we're miles apart

All I wanna do is be with you, be with you
There's nothing we can do
I just wanna be with you, only you

No matter where life takes us
Nothing can break us apart
You know it's true
I just wanna be with you

Yeah yeah
Just be with you
Ooh yeah yeah

You know how life can be, it changes over night
It's sunny then raining, but it's alright
A friend like you always makes it easy
I know that you get me every time

Through every up, through every down
You know I'll always be around
Through anything, you can count on me!

All I wanna do is be with you, be with you
There's nothing we can do
I just wanna be with you, only you

No matter where life takes us
Nothing can break us apart
You know it's true
I just wanna be with you

I just wanna be with you
