This is all that we said.
This is all that we know.
There are things in my head.
That I couldnt let go.

And all that I know is that Ill be around in the dark if you
meet me outside.

All that I know.
Is all that Im leaving behind.
You can never be sure.
But you havent got time to decide.
So step off the porch.
Watch the rockets collide
In the sky, cause Im leaving tonight.

Weve gotten this far
Again and again.
Well, you know how this starts
But tell me how do you want this to end?

And all that I know is that I still hear the sound of your
voice when Im closing my eyes.

All that I know.
Is all that Im leaving behind.
You can never be sure.
But you havent got time to decide.
So step off the porch.
Watch the rockets collide
In the sky, cause Im leaving tonight.

With a stroke of your pen
And a turn of your brow.
You haunted me then
And youre haunting me now.

All that I know.
Is all that Im leaving behind.
You can never be sure.
But you havent got time to decide.

So step off the porch.
Watch the rockets collide
In the sky, cause Im leaving tonight.
Cause Im leaving. Cause Im leavingtonight.
