Maybe we didn't write the book. Maybe we left out that page.

Or maybe we're like fine wine, getting better with age.

Well I think it's time that you arrived inside your heart
and inside your mind,
Cause you're beautiful and I see it, and I see you
starting to believe it.

You're beautiful and I see it, and I see you starting to
believe it.

You're beautiful and I see it, and I see you starting to
believe it.

Believing it's true.

Believing it's true.

Believing it's true.

And I know you've got regrets, and I know you feel
undone.

But when I look at your life, it looks to me like your life
has been made out of love.

And I think it's time that you arrived inside your heart
and inside your mind,

Cause you're beautiful and I see it, and I see you
starting to believe it.

You're beautiful and I see it, and I see you starting to
believe it.

You're beautiful and I see it, and I see you starting to
believe it.

Believing it's true.

Believing it's true.

Believing it's true.

Believing it's true.

Believing it's true.

Believing it's true.
