Next time I take a trip, down south, baby,
Baby, I may take you and we'll be through
(Spoken: I know you be wonderin' what we be through
with,
But I'm gonna tell ya, next time I take a trip down
South)
Little girl I may take you and we'll be trough
Yes, we'll be through with these people's keep on a
Tellin' us,
In this world, what they want us to do

Last time I'm gonna tell you, little girl, somebody's got
To go
Last time I got to tell you, little girl, somebody's got
To go
You know it may be, ol' Lightnin', baby, neither one of
Us sure don't know
