I thought for sure
We were headed for the light
Remember those clear wonderful nights
How I knew
Exactly what you thought
And what you'd do
My life revolved around you

You were there
And I was here
But we were somewhere between

I don't know if it's you or if it's me
But things are different
And I'm questioning
I don't know if it's good or if it's bad but things have
changed
And I'm questioning my memory

Now that things
Suddenly have changed
Am I to blame
For the questions in my brain
Was I drowning
In my own imagination
Was it real
Cause if it was it's me not you

You were there
And I was here
But we were somewhere between

I don't know if it's you or if it's me
But things are different
And I'm questioning
I don't know if it's good or if it's bad but things have
changed
And I'm questioning my memory

Things have changed am I the cause am I the blame
it's not the same
I know it's real cause I can feel I can feel

Imaginations cause sensations And I know that it takes
patience
Was it me or you Were we really there
