You held my hand to steady me  
Till I was ready to make a stand  
On my own two feet  
While my world was crumbling down

And you tried your best to shelter me  
From the coming of the storm  
You opened my eyes to see  
That all hope was not gone

You held me in your arms  
And wiped away my tears  
Not even in a million years  
Can I ever repay you  
for what you've done for me?

You were there when I felt  
That there was no place for me  
You were there to show me  
How to truly believe  
In the miracle of creation  
In the good and the bad  
Oh how I love you Mum and Dad

You were there to lift me up  
When I was far too small  
To see a brighter tomorrow  
And face it proud and tall

When my head was down you prayed for me  
Said I just need some time  
You said to spread my wings and fly  
Give the world of what was inside

You taught me to try  
To do my best to inspire

People of every kind  
That's a gift from Allah  
That I can never claim as mine

You were there when I felt  
That there was no place for me  
You were there to show me  
How to truly believe  
In the miracle of creation  
Even when you're lost and scared  
Oh how I love you Mum and Dad

Oh Allah, bless them  
And always keep them safe from harm  
Grant them places in Paradise  
And Your eternal Salaam

You were there when I felt  
That there was no place for me  
You were there to show me  
How to truly believe  
In the miracle of creation  
In the good and the bad  
Oh how I love you Mum and Dad
