Through your fear I am reborn  
My hand of grief can't be ignored

You know my name, yeah you know who i am  
Frustrated Turmoil, again and again  
I am the spike which drives through your hand  
For I am eternal, Battering Ram.

I kill myself to see you die  
As you suffer, tears of joy come to my eyes

You know my name, yeah you know who i am  
Frustrated Turmoil again and again  
I am the spike which drives through your hand  
For I am eternal, the Battering Ram.  
You know my name, yeah you know who i am  
Frustrated Turmoil again and again  
I am the spike which drives through your hand  
For I am eternal, Battering Ram.

You know my name, yeah you know who i am  
Frustrated Turmoil again and again  
I am the spike which drives through your hand  
For I am eternal, a Battering Ram.  
You know my name, yeah you know who i am  
Frustrated Turmoil again and again  
I am the spike which drives through your hand  
For I am eternal, Battering Ram.
