Kill your past and all you thought you knew  
Blacked out, hatred running through & through.  
Horsemen rolls, tomorrow's fading fast  
Make damn sure, aint nothings gonna last.  
Ohhh,ohhh, Doomsday Jesus we need you now.  
Oooh,oooh, Doomsday Jesus we need you now.  
Souls that bleed have nowhere left to run.  
Blind the crucifix and shoot the gun.  
Generals speak, we leave a trail of dead.  
Keep on killing 'til there's nothing left.  
Ohhh,ohhh,Doomsday Jesus we need you now.  
Oooh,oooh,Doomsday Jesus we need you now.
