Holy And High  
The Engines Start To Grind  
The Shotgun Speaks The Final The Word  
The Race To The End  
Keep Killing All That You Can  
Beneath The Ground What Can't Be Heard

Roads Paved In Flesh  
The Bombs Which Have Been Blessed  
The Blackout Through The Doom  
The Race To The End  
Keep Killing All That You Can  
The Casket Which Fills The Room

Slither With The Maggots And The Worms Below  
Warped Confusion Mental Illness Bestowed  
An Inward View, An Outward Pass Is All You Can See  
Disillusioned Warhead Of Reality

Gathered For The Feast  
The Table Set For The Deceased  
Hows The Dead No Peace No Rest  
The Race To The End  
Keep Killing All That You Can  
Doomsday Calling 'Till Nothing's Left
