You say that you're down, now  
Can't find a place to rest your head  
The leaves have all fallen  
And your garden is dead  
Turning your back now  
Ain't nothing left to say  
No need for tomorrow  
When you can't find today

When you can't find today, oh  
When you can't find today, oh  
Search all you want, oh  
Well you won't find it here, oh  
Well the fortunes you seek, oh  
They were always right here  
They were always right here

Alone once again, now  
Walked a mile inside your head  
This movie's been played now  
All is done and all is said  
You're running so fast now  
You can't get away  
No need for tomorrow  
When you can't find today

When you can't find today, oh  
When you can't find today, oh  
Search all you want, oh  
Well you won't find it here, oh  
Well the fortunes you seek, oh  
They were always right here  
They were always right here

When you can't find today, oh  
When you can't find today, oh  
Search all you want, oh  
Well you won't find it here, oh  
Well the fortunes you seek, oh  
They were always right here, oh  
Search all you want, oh  
It was always right here
