When I cleaned out your room
I painted the walls to cover any memories
But still it seemed like you were hovering over
Still out there keeping an eye on me

Yeah I never really was able to tell you
That's why I'm telling you now that you can't hear
It's not gonna be the same around here without you
And I'm holding back a flood behind one tear

And we'll go down to the post-mortem bar
And catch up on the years that have passed between
us
And we'll tell our stories
Do you remember when the world was just like a
carnival opening up

I never thought that I would ever see the day
And I don't wanna believe it's true
You were supposed to always be there
And a part of me has died with you

And we'll go down to the post-mortem bar
And catch up on the years that have passed between
us
And we'll tell our stories
Do you remember when the world was just like a
carnival opening up

If I could have one more day with you the way it used to
be
All the things I should've said would pour out of me

I took a walk I didn't know which way I was goin'
But somehow or other I ended up here where
We said we'd meet again and I guess I was hopin'
But the place had been closed down a while
It was all dark in there

And we'll go down to the post-mortem bar
And catch up on the years that have passed between
us

And we'll tell our stories
Do you remember when the world was just like a
carnival opening up
