Sit tight and buckle up
the sweetest sound is not enough
so alan get your shoes on and you take us for a ride
we seemed to be in hickle when we were outside
your heart is in the power of internal combustion
but alan we got one question
whats the miles per gallon alan
whats the miles per gallon alan
whats the miles per gallon alan
miles per gallon
drop the clutch and hit the gas
you always said you wanted to live fast
drop the clutch and hit the gas
a hundred miles an hour isn't very fast
so alan get your shoes on and you take us for a ride
we seemed to be in hickle when we were outside
your heart is in the power of internal combustion
but alan we got one question
whats the miles per gallon alan
whats the miles per gallon alan
whats the miles per gallon alan
miles per gallon
