Do what you want
Do what you want
Do what you want
Nothing lasts forever
So get on it before you think twice
So you think you're clever
But everything worthwhile has got a price
Bulletproof form, _____

Do what you want
Do what you want
Nothing lasts forever
So get on it before you think twice
So you think you're clever
But everything worthwhile has got a price
Nothing lasts forever
So get on it before you think twice
So you think you're clever
But everything worthwhile has got a price
Nothing lasts forever
So get on it before you think twice
So you think you're clever
