[Verse]

I'm alive a'm awake  
My life cannot await  
I just don't care  
You are alone I am the same  
My life cannot await  
I just don't care

So if you wanna lie  
If you wanna lie with me  
Come on baby pull up your dress  
Let me see you  
If you wanna smile  
If you wanna smile with me  
Well don't worry baby I won't leave you

[Pre-chorus]

I feel this weight fall from my shoulders

[Chorus]

All the plans we used to make  
And all the life we had to fake  
Now I've thrown it all away  
How easy we forget what happened  
Arguments are said and done  
Smiles are made, embarrassed ones  
Photographs are more when I can  
Look in to the past but I won't stare

[Verse]

I am inspired you are afraid  
My life cannot await  
I just don't care  
You are a liar this is all fake  
My life cannot await  
I just don't care  
If you wanna turn  
If you wanna turn on me  
You'll walk in a fight  
I'll make it slippery  
If you wanna yell (yell)

If you wanna make a scene  
Don't worry baby I'm ok I'm ok

[Pre-chorus]  
I feel this weight fall from my shoulders

[Chorus]  
All the plans we used to make  
And all the life we had to fake  
Now I've thrown it all away  
How easy we forget what happened  
Arguments are said and done  
Smiles are made, embarrassed ones  
Photographs are more when I can  
Look in to the past but I won't stare

I am alive I am awake  
It's not like I'm not aware  
I just don't care  
You are alone I am the same  
It's not like I'm aware  
I just don't

[Chorus]  
All the plans we used to make  
And all the life we had to fake  
Now I've thrown it all away  
How easy we forget what happened  
Arguments are said and done  
Smiles are made, embarrassed ones  
Photographs are more when I can  
Look in to the past but I won't stare

Hey hey hey hey hey hey hey  
I won't stare
