Whoa oh oh
We will not break but we might bend
Whoa oh oh
I'll see you at the bitter end

Realize I got nothing for you
Got blood on my hands
Yeah pain is a virtue
Understand that I'll do anything
Not to let you get the best me
So tell me what you're gonna do

Blackout
Living In a blackout
Trying to rip your heart out
Shout out
Go get it
Strung out
It's getting late It's dark out
You can scream your lungs out
Break out
Go get it

(Hey)
Fuck your barcode
(Hey)
Time to go at it alone
(Hey)
We wont take it just to live to die another day
(Hey)
Kill the download
(Hey)
We're better off on our own
(Hey)
We won't fake it just to live to die another die

We all fall down but we get back up
And All break down but we build it up
And we won't break but we might bend
We all fall down but we get back up
All want more

Never get enough
We will not break but we might bend
See you at the bitter end

Utilize what's given to you
Got lines on your face yeah scars are a tattoo
Understand that I'll do anything
Not to let you get the best of me so tell me
What you're gonna do

Blackout
Dying in a blackout
Crying both your eyes out
Break out
Go get it
Burn out
Before you even start out
Falling down with no doubt
Shout out
Go get it

(Hey)
Fuck your barcode
(Hey)
Time to go at it alone
(Hey)
We won't take it just to live to die another day
(Hey)
Kill the download
(Hey)
We're better off on our own
(Hey)
We won't fake it just to live to die another die

We all fall down but we get back up
And All break down but we build it up
And we won't break but we might bend
We all fall down but we get back up
All want more
Never get enough
We will not break but we might bend
See you at the bitter end

We all go spiralling down
We're losing valuable ground
Caught in the middle of a dog fight
Hold tight now
Turn down the lights and don't blink
Hate to shudder to think
They're pulling back to attack got the kids screaming

Blackout
Living in a blackout
Trying to rip your heart out
Shout out
Go get it
Strung out
It's getting late It's dark out
You can scream your lungs out
Break out
Go get it

Whoa oh oh
We will not break but we might bend
Whoa oh oh
I'll see you at the bitter end

We all fall down but we get back up
And All break down but we build it up
And we won't break but we might bend
We all fall down but we get back up
All want more
Never get enough
We will not break but we might bend
See you at the bitter end
(Hey hey hey hey hey hey)
See you at the bitter end
(Hey hey hey hey hey hey)
See you at the bitter end
