She said
I lost my best friend last week at school
He got shot
Someone thought that he was part of something that
He was not
Now I'm watching all the cheerleaders show just how
sad they are
When my friend used to come 'round
They used to laugh and egg his car
Now I'm gonna do my part as a concerned citizen
I think we should burn the school down
And start again

Burn it
'Till there's nothing left
Burn it
Just like all the rest
Burn it
Clear up all this mess
Burn it down

Education for the nation
Kids retaliate on each station
Expectation, violation
Pressure increased in each generation
Burn the school down
Burn the school down
Burn the school down, she said
Burn the school down
Burn the school down
Burn the school down, start again

'Cause now what I want to know
Will the eyes inside the back of your mind let it go?
Now all I want to know
Will the eyes inside the back of your mind let it go?

She says
I want to feel more comfort in my own skin
But everyone around me makes me feel like
I'm worth less than them
Burn the school down

Burn the school down
Burn the school down, she said
Burn the school down
Burn the school down
Burn the school down, start again

Burn it
'Till there's nothing left

Burn it
Just like all the rest
Burn it
Clear up all this mess
Burn it down

'Cause now what I want to know
Will the eyes inside the back of your mind let it go?
Now all I want to know
Will the eyes inside the back of your mind let it go?
Now all I want to know
Will the eyes inside the back of your mind let it go?
Now all I want to know
Will the eyes inside the back of your mind let it go?

Burn the school down
Burn the school down
Burn the school down, right?
Burn the school down
Burn the school down
Burn the school down, right?
Burn the school down
Burn the school down
Burn the school down, right?
Burn the school down
Burn the school down
Burn the school down, right

Burn it
'Till there's nothing left
Burn it
Just like all the rest
Burn it
Clear up all this mess
Burn it down

'Cause now what I want to know
Will the eyes inside the back of your mind let it go?
Now all I want to know
Will the eyes inside the back of your mind let it go?
Now all I want to know
Will the eyes inside the back of your mind let it go?

Now all I want to know
Will the eyes inside the back of your mind let it go?
Now all I want to know
Now all I want to know
Now all I want to know
Now all I want to know
