"Expectations"

Visit "[Expectations](#)" on MotoLyrics.com

I drove really fast before I hit the wall
I was punch drunk, spinning round, heading for a fall
Do or die now, got scared, so I stalled
You can have it all

Your eyes inside the back of my mind
Stars collide to see who outshines
Your eyes inside the back of my mind
It's making me blind

We can hate, we can hate each other
We can be down then fuck one another
We can hold it up, then set it on fire
Life is sacrifice and you can be a martyr

But it's more than I can stand when you're looking
down on me
'Cause I can't live up to you, that makes me incomplete
Never wanted anything more
So I'll just say goodbye and watch you walk out the
door

I want to be, I want to be all you want me to be
I want to be, I want to be all you think that you see
Would you leave me here where nobody cares?
Would you leave me, leave me here where nobody
cares?

I tried really hard not to care at all
Medicate myself, Xanax, alcohol
My admissions made me feel so small
You can keep it all

Your eyes inside the back of my mind
Stars collide to see who outshines
Your eyes inside the back of my mind
It's making me blind

I can change, we can change for each other
We can let go and accept one another
We can tear it down to the ground and start over
Life is compromise, life is compromise

So if I let you down then I'll pick you up again In the end
Suspend confidence in me to come through
To be who I want to be and to do what I want to do
Never turn my back on you, on you

I want to be, I want to be all you want me to be
I want to be, I want to be all you think that you see
Would you leave me here where nobody cares?
Would you leave me, leave me here where nobody
cares?

I want to be, I want to be all you want me to be
I want to be, I want to be all you think that you see
Would you leave me here where nobody cares?
Would you leave me, leave me here where nobody
cares?

I want to be, I want to be all you want me to be
I want to be, I want to be all you think that you see
Would you leave me here where nobody cares?
Would you leave me, leave me here where nobody
cares?
