Everything's falling apart

Stutter step through another trap set up by deception  
Mention rejection, rejection  
Always lies in your eyes, settles in your action  
Lies in your eyes, settles in your action  
Jeopardize everything that I want  
And I won't compromise anything anymore  
In any way victimize myself any more  
Liberty, yeah

Manipulation's on my mind, expectations well defined  
Frustrate me, liberate me 'cause everything's falling  
apart  
You can't control me, you can't control me  
Everything's falling apart  
You can't control me, you can't control me  
Everything's falling apart  
Now, I can't see you, doesn't matter what I do  
I can't see you 'cause everything's falling apart

Got exposed to a deeper form of infection  
Shout out I need acception  
Always lies in your eyes, settles in your action  
Lies in your eyes, settles in your action  
Criticize everything that I do  
And I will overcome anything that's in store  
Nevermore look up to you and adore  
Liberty, yeah

Manipulation's on my mind, expectations well defined  
Frustrate me, liberate me 'cause everything's falling  
apart  
You can't control me, you can't control me  
Everything's falling apart  
You can't control me, you can't control me  
Everything's falling apart  
Now, I can't see you, doesn't matter what I do  
I can't see you 'cause everything's falling apart

Manipulation's on my mind  
Inspect me, try to check me

Expectations well defined  
Dissect me, want to wreck me  
Violator of my own will  
Accept me, reject me  
Separate or shoot to kill

Well everything's falling apart  
You can't control me, you can't control me  
Well everything's falling apart  
You can't control me, you can't control me  
Well everything's falling apart  
Now, I can't see you, doesn't matter what I do  
I can't see you 'cause everything's falling apart

You can't control me, you can't control me  
Well everything's falling apart  
You can't control me, you can't control me  
Well everything's falling apart  
Now, I can't see you, doesn't matter what I do  
I can't see you 'cause everything's falling apart
