Written by zebrahead and Jeremy Popoff Produced by
Cameron Webb

I don't believe a word you say

(Just say) Now we're waiting

I can't compete with you today

(Just say) That don't fuckin' phase me

I got more backbone so I guess that you can bring it on

Stop, stop, stop, stop, stop staring at me Stop staring

Take another stand, take your place and get high

Everybody's doing it and so am I

All I wanted were the good things, whoa

Give another day give a piece of my mind

Everybody's doing it so why can't I

All I wanted were the good things

It's so good okay I don't care what they all say

It's just another day, what a waste what a waste

She was in a movie, they'll just be getting booted

He's not like them, just like me

Keeping us from taking my fast Chevrolet

All I got to say what a waste, what a waste.

Just like every movie, another nervous fool

He's not like them, just like me

Stop, stop, stop, stop, stop staring at me.

Stop staring

Leave it up to me, leave it up to me, leave it up to (up to me)
Leave it up to me, leave it up to me, leave it up to (up to me)
Leave it up to me, leave it up to me, leave it up to (up to me)
Leave it up to me, leave it up to me, leave it up to (up to me, yeah)

Take another stand, take your place and get high

Everybody's doing it and so am I

All I wanted were the good things

Give another day get a piece of my mind

Everybody's doing it so why can't I

All I wanted were the good things

The good things

Zebrahead Good Things (Japan Bonus Track)
