Come on and light the fuse
He's a rocket and he's ready to go
Cuz now the countdown's started and it's ready to blow
He's go the dope sounds bumpin' and in stereo
Kickin' ass fast, puttin' on a show
Go on and get yourself together, there's no time to rest
And if you put the time in, he'll put you to the test
He's like the running man, in his world, more is less
And if you want to test him, you best bring your best
Can't stop now, lock and load
Don't stop now come on and rock and roll

In this world... His world
Got to make your own way
Where on is all
In this world... His world
Life is just a game you play
Never fear the fall
When you leap without a net you'll find that it will be
there all the time
So watch your step, now watch your step don't fall

Running it back again, well whatcha expect?
Coming out to win 10 out of 10, got a real rough neck
Spikes up his liberty and straps on his shoes
Cuz he's best there ever was haven't you heard the
news?
Come on and psych yourself up cuz it's time to play
Bounce to the beats and the rhymes cuz they're here to
stay
The one and only marathon man living today
Rollin' up, comin' fast, and he'll blow you away
Can't stop now, lock and load
Don't stop now come on and rock and roll

In this world... His world
Got to make your own way
Where on is all
In this world... His world
Life is just a game you play
Never fear the fall
When you leap without a net you'll find that it will be

there all the time
So watch your step, now watch your step don't fall

Intergalactic continental champ running things
Hyperactive instrumental in pulling strings
He's the one who understands when the tides will
swing
So he's breaking down doors, never following
Cuz the pressures of this world, they can take there toll
The only way to break free is to break the mold
He can't stop now, lock and load
Don't stop now come on and rock and roll

In this world... His world
Got to make your own way
Where on is all
In this world... His world
Life is just a game you play
Never fear the fall
When you leap without a net you'll find that it will be
there all the time
So watch your step, now watch your step don't fall
Watch your step
Don't turn around
Don't stop to look back again
Don't fall
