I feel like it's all been done before
Like everyone's living just to even the score
And one by one we're death to bored
Makes me wanna break out kick down the door

Don't ever give it up
You'll make it out alive
Live it up while dying 9 to 5
Just stand up, and tear it down tonight

Rise up, rise up, rise up!
From the bottom all the way to the top
Never listen when they tell you to stop
Rise up, rise up!

Cause I got nothing to lose
I got nothing to prove
I got nothing to lose
I'm not giving up
I'm not giving in
I got no excuse
I got nothing to lose
I got nothing to prove
I got nothing to lose
I'm not giving up
I'm not giving in
I got no excuse
I got nothing to lose!

You can take your small minds and blow em away
Try to bring me down with the lies you say
Yesterday's gone now today is the day
Lowlife's and hoodlums come out to play

They tell you to listen up
Stop talking outta line
Busting out? Well, now would be the time
Just stand up, and tear it down tonight

Rise up, rise up, rise up!
From the bottom all the way to the top
Never listen when they tell you to stop

Rise up, rise up!

Cause I got nothing to lose
I got nothing to prove
I got nothing to lose
I'm not giving up
I'm not giving in

I got no excuse
I got nothing to lose
I got nothing to prove
I got nothing to lose
I'm not giving up
I'm not giving in
I got no excuse
I got nothing to lose!

On top we're making it pop
All upside we don't drop
With all the scars that we copped
From all the fakers who flopped
To all the battles that taught us
Through the lessons they fought us
Cuz they said we were raucouse but we just came to
rock

Rise up, rise up, rise up!
From the bottom all the way to the top
Dontcha listen when they tell ya to stop
Rise up, rise up!

Cause I got nothing to lose
I got nothing to prove
I got nothing to lose
I'm not giving up
I'm not giving in
I got no excuse
I got nothing to lose
I got nothing to prove
I got nothing to lose
I'm not giving up
I'm not giving in
I got no excuse
I got nothing to lose!

Rise up, rise up, rise up!
Hey, hey!
I got nothing to lose!
Rise up, rise up, rise up!
Hey, hey!

I got nothing to lose
I got nothing to prove
I got nothing to lose
I'm not giving up
I'm not giving in
I got no excuse
And I got nothing lose...
