She wants to know, wants to know where I've been  
She's got the gloves on, she's got the gloves on again  
She thinks she's smooth, thinks she's smooth, now I'm  
saying

That I'm not going down  
(I'm not going down)

You say this ain't the end to me, fall down, pull the rug  
under me

Feels like I'm falling but I tell you, I'm not going down  
One day, you'll be the end of me, go blind, pull the  
wool over me

Feels like I'm falling but I tell you, I'm not going down

Because you push me, push me over the edge  
Tired of wasting my time, tired of wasting my breath  
Because you push me, push me over the edge  
Tired of wasting my time  
Tired of putting me through this again, through this  
again

She wants to fight, wants to fight and I've been  
drinking  
We put the walls up, we put the walls up again  
I know she's right, know she's right that I'm tripping  
But I'm not going down  
(I'm not going down)

You say this ain't the end to me, fall down, pull the rug  
under me

Feels like I'm falling but I tell you, I'm not going down  
One day, you'll be the end of me, go blind, pull the  
wool over me

Feels like I'm falling but I tell you, I'm not going

Push me, push me over the edge  
Tired of wasting my time, tired of wasting my breath  
Because you push me, push me over the edge  
Tired of wasting my time, tired of putting me through  
this again

Because you, never did try, never did look to see that

I'm alright  
(Whoa)  
Because you're, always right, gotta fight, always  
wanna know  
(Whoa)  
Because you, never did try, never did look to see that  
I'm alright  
(Whoa)  
Because you

Because you push me, push me over the edge  
Tired of wasting my time, tired of wasting my breath  
Because you push me, push me over the edge  
Tired of wasting my time, tired of wasting my breath

Because you pushed me, push me, you push me  
Pushed me, push me over the edge  
Because you pushed me, push me, you push me  
Why to do it, you're putting me through this again  
Through this again, through this again
