Hit Me, Hit Me, Hit Me  
With all you got  
Just a superficial girl  
who cares a lot  
About attentions that you get  
They connect the dots  
To form a target on your back  
Take your best shot  
Who loves you?  
Who needs you?  
The paint's peeling off the wall  
That's it, that's all.  
Who loves you?  
Who needs you?  
The itch makes your skin crawl  
That's it, that's all.

That's it  
That's all  
Head to the wall  
Head to the wall

*[Chorus:]*

Life's staring you, breaking through  
Hold on tight to the radio  
It's sad but true  
Coming to the end of your life starring you

Breaking through  
Hold on tight to the radio  
It's sad but true  
Coming to the end of near you

Give me. Give me. Give me  
Got no heart to rot  
When the scars and insecurities,  
they hit the spot  
And the acceptance that you crave  
Is all for not  
Left a crosshair on your head  
Take your best shot

Who loves you?  
Who needs you?  
Always waiting for a call  
That's it, that's all  
Who loves you? Who needs you?  
Sets you up for a fall  
That's it, that's all  
Head to the wall  
Head to the wall.

*[Chorus]*
