[Verse 1:]

When I first saw you
My heart was in two
Whether to choose you
Or whether to choose her
Then I realized
You're categorized
By beauty and personality

[Chorus:]

I want you
I don't want her
Because she goes in a way
A path that does not light her day
I want you
Your beautiful, your special
You're lips are as soft as my pillow
I want you to know that I want you

[Verse 2:]

When that boy
Decided
That he wanted you
And took you to
Try to make me jealous
Make me swear and cried
All through the night just for you
To come back to me baby

[Chorus:]

I want you
I don't want her
Because she goes in a way
A path that does not light her day
I want you
Your beautiful, your special
You're lips are as soft as my pillow
I want you to know that I want you

[Bridge:]

Don't take her away from me
I'll do this for you baby

I won't go cheating on you
Why, I wanna do it for you
I wanna please you
Please you please you please you

And feel proud

[Chorus:]
I want you
I don't want her
Because she goes in a way
A path that does not light her day
I want you
Your beautiful, your special
You're lips are as soft as my pillow
I want you to know that I want you
