He's as hard as a rock
but not on the insides
his mind is at stake
she was his biggest mistake

Now he suffers alone
the pain is lasting too long
he's trying to be cool
he's trying to be tough
he can't numb it enough

__He curses the love that he used to believe
he's made it his cross, he makes it his dream
the darker side of fatal love__

He really loved her to death
she's always stuck in this head
now she uses lust and sparkled dust
to haunt him instead

now she's a hard as a rock
a mortician's bride
his mind was the stake
he was HER biggest mistake

she floats in the night
when no one can see
she lingers and touches the dieties

he knows he loves her too much (fatal)
she knows she does'nt enough (fatal)
now he sleeps with goast dressed in lace
what a tragic mistake

they loved each other to death!
fatal!
fatal!
FATAL LOVE
fatal love
fatal love
