Would you lie with me and lie to me?
Make believe that you're in love with me...again?
Would you joke with me? Smoke with me?
And drink til you get really drunk with me....again?

I...I want to be with you...again.
And I need to be near to you...again.

I'm not pretending; things can never be
The way they were, before he came.
I want to eradicate the pain I feel
At the mention of your name
Oh, 'cause I...

Want to be with you again.
Oh, and I
I need to be near to you...again.

Now, I won't lie and say that I have changed,
'Cause all my flaws...well, they still remain.
And I'm not asking you to understand.
Please just take my hand, and let's forget.

'Cause I want to be with you, oh, again.
And I...I need to be near to you...again.

So would you lie with me and lie to me? Would you..
Make believe that you're in love with me...again?
Would you joke with me? Smoke with me?
And drink til you get really drunk with me....again?

I want to be with you...again.
And I, I need to be near to you...again.
