Haiiro ni kusunda kono sora wa kigi no tameiki  
Kuroku nigotta kono ame wa daichi no namida

Ah~

Konkurito ni kuchi wo fusaga re  
Shiyoku no tame ni hana mo sogarete  
Sore demo ikiru imi wa aru no  
Soredemo mamoru kachi wa aru no

Chisana hoshi no chisana bokura  
Inore do toki wa sudeni oso sugite  
Itsushika dekita izumi ni nanimokamo  
Nomikomarete  
MouÂ kowareru

Let me out.

Mijikai ashi no hippari ai to  
Zai no nasuritsuke ai  
Idaita kokorozashi wa doko ni kieta  
Nani ni baketa?

Ego ga ego wo umi tsuzukete  
Soshite mata betsu no ego wo yobu  
Sono kusatta wa no naka ni jibun ga  
Iru to omou to  
Hakike ga suru

Let me out

She is cryin'. Cryin', cryin'

### TRANSLATION

This sky is darkening to grey and the trees are sighing  
This black, muddy rain is the tears of the earth

Mouth clogged up with concrete  
The feathers are also chipped for self-interest  
Is there still a reason to live?

Is there still something worth protecting?

Small star's small me  
The wishes I've made were already too late  
Before I knew I could do it  
The restrains had bond anything and everything

I'm already broken

LET ME OUT

Dragging my small feet  
Blaming others for ones crimes  
Where did my embarrassed dreams vanish?  
What did they turn into?

Ego keeps giving birth to ego  
And invoking other egos  
I think I'm stuck in this rotten circle  
It's making me sick

LET ME OUT

She's crying crying
