Shall we dance?

1, 2, Step... Step by step...

You seem to be hiding SeÑ±orita, I'm just a vampire  
dripping with blood

If you wish I shall feast on you with my great fangs to  
the marrow of your bones

Aa... A soft kiss to vow to your pale neck gleaming in  
the moonlight

But why, this pain somewhere within my chest...

"It's as if I've fallen in love with you"

1, 2, Step... Step by step...

Wont you dance, lovely lady, take my hand and swing  
your hips 1, 2, 3

As we almost touch lips the words I suddenly whisper  
are "te amore"

Aa... The rose of passion which has bloomed inside me  
pinches my heart with that thorn

And whenever I think of you I cry tears of blood.

If this love cannot be granted then I shall break apart  
What I wish for cannot be, I suppose?

Would it be any good if I wasn't myself?

Even though I love you and would never think to harm  
you...

1, 2, Step... Step by step...

At the strike of the clock we meet, and part when  
morning comes

Aa... I, who cannot come near to you whom I loved, am  
a pittiful mosquito

"I want to hold you, but I cannot...", is because I feel I  
will break apart

This changing body, as I am starting to dry up

Before this love ultimately turns to sin

As an unreceived kiss, as a fruitless love story,

At least in my dreams, will you let me hold you

As I think about it, the closer we get the further apart  
we must go... like the moon and the sun
