As things break down, you were there to  
Mend this broken heart.  
Our lives might fall, but you'll find a way to  
Save it all.

Refrain:

You have your way of talking with other  
Angels of the world.  
And I can say, you were made to make me  
See.

Chorus:

'Cause you believe in me,  
You believe in everything I do.  
You believe in me,  
You believe in every time I say I do.

As time unfolds, you'll make it sure I'll  
Dodge and wouldn't crawl.  
I can say your touch can weaken me, can  
Make me believe that

Repeat Refrain

Repeat Chorus

Bridge

I won't run, I won't hide, I will try,  
I will fight 'cause I've got you by my side  
And I can say you were made to make me see

'Cause you believe in me,  
You believe in everything I do.  
You believe in me,  
You believe in everything I do

Repeat Chorus

I do (9x)
