Whooooooooooooooooo!!!  
Reall really really, really

Standing on the corner  
Just killin time (time)  
Watching cars or blocks  
In a gas line (way down the gas line)  
People everywhere, looking very sad (awww)  
The pressure's so great  
Drivin people mad y'all

It's (rouuuuughhhhh) so rough (out here)  
(Really really rough out here) said a really really rough  
(Really really rough out here)

Winter's getting higher  
Salaries getting low  
Truckers on strike  
(Cause the speed's too slow)  
Payin twice as much  
(For everything ya buy)  
The pressure's so great  
(And ya can't afford to die)

It's (rouuuuughhhhh) so rough (out here)  
(Really really rough out here)  
(Really really rough out here)

People out of work  
(Can't get a dime)  
Still they wonder why  
(That there is so much crime)  
Getting kinda rough  
We all need a shout  
????????????????????  
????????????????????

It's (rouuuuughhhhh) ROUGH!!! (out here)  
(Really really rough out here) really really really rough  
(Really really rough out here)

Oh well there's stealing and killing and dealing  
Pressures on poverty (eeeeeeheeeeee)

(Really really rough out here) Come with me  
(Really really rough out here)

(Really really rough out here) Rough! Out here!  
Rough out a-here yeah!
