Out of this world

Out of this world

(April Start)

Your smile gets me every single time I see you

Your eyes take me away

I don't really know what this is gonna lead to

But it's like I'm floating in space

(Both)

You take me somewhere that I've never been before

There's a whole new place waitin'

When you open up the door

You're out of this world

I knew that you could make it

You didn't have to fake it

You're never coming down

You're out of this world

You can't get any better

We're gonna last forever

Keep your head up don't look down

You're out of this world (out of this world)

Out of this world

Yeah, you're out of this world

Out of this world (out of this world)

(Proto Zoa)

The stars, like diamonds, above our heads are fallin'

I know that wishes come true

Your voice, across the universe you were callin'

Like a song from out of the blue

(Both)

We're flyin' so high

We're almost at the top

And as long as we're together

I never wanna stop

You're out of this world

I knew that you could make it  
You didn't have to fake it  
You're never coming down  
You're out of this world  
You can't get any better  
We're gonna last forever  
Keep your head up don't look down

You're out of this world (out of this world)  
Out of this world (Oh Yeah)  
You're out of this world  
Out of this world (out of this world)

(April Start)  
So many dreams to fly to  
And I'll be right beside you  
We're getting closer to the sun  
(Proto Zoa)  
They're shining  
(April Start)  
We'll let the moon astound us  
A million stars surround us  
(Both)  
Wishing on each one

You're out of this world  
You can't get any better  
We're gonna last forever  
Keep your head up don't look down

You're out of this world  
I knew that you could make it  
You didn't have to fake it  
You're never coming down  
You're out of this world  
You can't get any better  
We're gonna last forever  
Keep your head up don't look down

You're out of this world (out of this world)  
Out of this world  
Out of this world  
Out of this world (out of this world)

You're out of this world (out of this world)  
Out of this world (Oh Yeah)  
You're out of this world  
Out of this world (out of this world)

Ohhhhhh

You're out of this world, Oh yeah
